FOOD & GARDEN ORGANICS OR 'FOGO' BIN

Maroon bins with green lids are replacing the maroon food and garden bins as they get damaged or wear out.

Scan the QR code to access the full list of items and how to best dispose of your waste.

Check the packaging before putting an item in any bin.

All compostable or biodegradable packaging needs to go in the rubbish bin. Our composting contractor cannot accept any bags or packaging due to the time it takes to break down. This material affects the quality of the finished compost sent to farmers.

TOP TIPS

- Collection must not be over 3 cubic metres (3m long x 1m high x 1m wide). No single item can be longer than 1.5m, nothing over 30kg.
- Place out the Sunday evening before your booked collection date.
- Take a photo of your pile once it is out to help identify illegal dumping.
- Please notify Council immediately if someone dumps any waste on your pile before it is collected.
- Remove batteries from any appliances or electronic items.
- No rubbish in plastic bags.
- No building, construction or renovation materials.
- No asbestos or cement sheeting.
- No unwrapped or broken glass.
- No batteries.

Book your hard waste collection by calling the Contractor on 9729 9100 or via casey.vic.gov.au/book-hard-rubbish-collection

E-WASTE

To help protect our environment and recover the material, the Victorian Government has banned all e-waste from landfill. That means e-waste can't go in any household bin.

Help recycle e-waste so it can be reused to make new technology in the future.

TOP TIPS

- Thoughtfully recycle any item with a plug, battery or power cord that's no longer working or wanted.
- Take e-waste to a drop off point or add to your hard waste collection (no batteries).
- No e-waste in recycling or rubbish bins.

Significant fines apply to anyone littering or dumping rubbish.

ILLEGAL DUMPING – HOW IT HURTS US

Environmental hurt

- Pollutes waterways, soil and habitats
- Attracts pests and vermin
- Creates fire hazards

Community hurt

- Makes streets unsafe and messy
- Lowers neighbourhood pride
- Encourages more dumping

Financial hurt

- Council spends significant funds removing dumped waste

WHY WE RECYCLE GLASS

- Glass bottles and jars can be recycled endlessly into new bottles and jars when collected separately.
- Recycling glass reduces the need for virgin raw materials, saves energy, and lowers greenhouse gas emissions.
- Cleaner recycling streams mean less recyclable material is lost and sent to landfill.
- Cleaner recycling streams increase the value of collected materials across the system.

The glass recycling service has been introduced to meet Victorian Government requirements for a standardised four-bin waste and recycling system.
Find out more at casey.vic.gov.au/kerbside-bin-changes.
