

Accessibility Action Plan

2018 to 2019

City of Casey

Easy English

Hard words

This book has some hard words.

The first time we write a hard word

- the word is in **blue**
- we write what the hard word means.

You can get help with this book

You can get someone to help you

- read this book
- know what this book is about

- find more information.

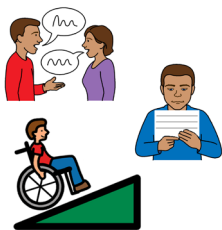

About this book

This book is written by the City of Casey.

In this book **we** means the City of Casey.

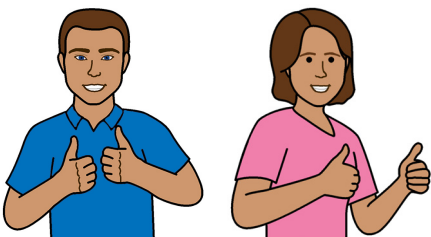

We made an **Accessibility** Action Plan for people with disability.

Accessibility means information and places are easy for people with disability to use.

We call it the plan.

The plan is for 1 year from **2018 to 2019**.

The plan says how we will help people with disability in Casey access the community.

There are 3 goals in the plan

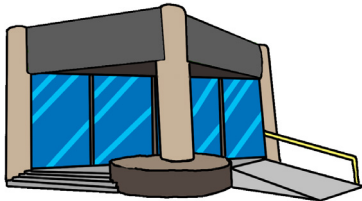

Goal 1

Create an accessible Casey for people with disability

To make Casey more accessible we will

- check if we can fix council buildings to be more accessible.

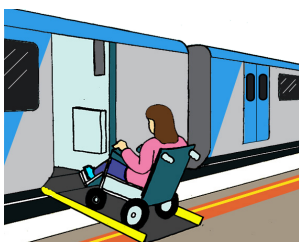

- **review** how we plan buildings to make sure new buildings in Casey are accessible.

Review means we look at something to see if we can make it better.

- check if parking bays in Casey are accessible or need to be fixed.

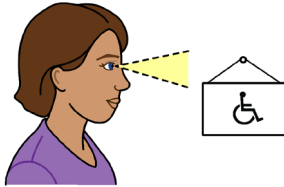

- help people with disability in Casey have a say about better public transport.

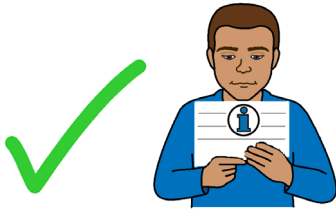

To make Casey more accessible we will also

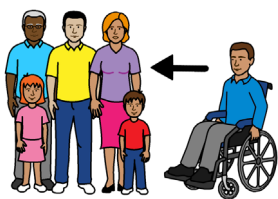

- check there are signs in the right places

- make sure signs are easy to find and read

- make sure information about services and programs is accessible in different ways.

Goal 2

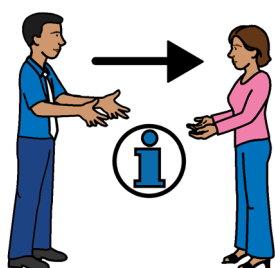

Promote inclusion and participation for people with disability

Inclusion means everyone feels like part of a place.

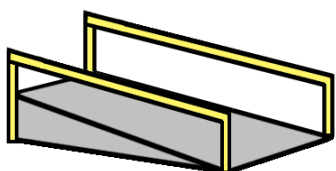

Participation means everyone can join in.

To promote inclusion and participation we will

- help Casey council staff learn about disability

- give information to local shops and businesses about disability and accessibility

- make sure events in the community are accessible

- run more accessible community programs for people with disability in Casey to enjoy.

Goal 3

Increase leadership and employment opportunities for people with disability

Employment is when you get paid to work.

To help people with disability in Casey with employment we will

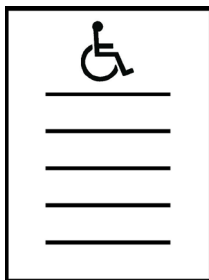

- ask people with disability to come and work with us.

- help shops and business in Casey to give people with disability jobs.

- review **barriers** that make it hard for people with disability to find a job with Council.

- review our **practices** to help employees with disability do their job.

Practices are different things we do to help people with disability with employment.

Barriers make something hard to do.

We want people with disability in Casey to have a voice and be leaders

To help people with disability find jobs and do their jobs well we will also

- create more chances for people with disability to be leaders and help others

- review the ways we involve people with disability in the Casey community.
