1. Purpose and Intent

The City of Casey is committed to creating and maintaining a child safe organisation where protecting children and preventing and responding to child abuse is embedded in the everyday thinking and practice of all Councillors, employees, contractors and volunteers.

This Policy reflects Council's intention to be aspirational – not just compliant – in meeting the requirements of the Victorian Child Safe Standards. The City of Casey is uniquely positioned to be an industry leader that models good practice and processes in keeping children safe from harm or abuse.

This Policy provides information and guidance to all levels of our organisation and requires that all Councillors, employees, contractors and volunteers commit to an active creation, demonstration and maintenance of a child safe culture.

We will do this in accordance with our City of Casey values being to dream big, empower each other and make our community proud. We Dream Big in setting an aspirational intention to become an industry leader in child safe practice; we Empower Each Other through clear reporting procedures and a culture of child safety; we Make our Community Proud by protecting children and families and being a leader in child safe practice within the region.

Council acknowledges that child safe practice would not be possible without the valued support of a number of key external stakeholders.

In 2015, the Victorian *Child, Wellbeing and Safety Act 2005*, was amended to include the Child Safe Standards. The Victorian Child Safe Standards (the Standards) are a compulsory framework that support organisations that provide services to children to implement policies and procedures that prevent, respond to and report allegations of child abuse.

There are three guiding principles that organisations must consider when implementing the standards:

- » The cultural safety of Aboriginal children
- » The cultural safety of children from culturally and/or linguistically diverse backgrounds
- » The safety of children with a disability.¹

The City of Casey will consider these principles in the implementation and design of services for our community. The seven Victorian Child Safe Standards are:

1. Strategies to embed an organisational culture of child safety, through effective leadership arrangements.
2. A Child Safe Policy or Statement of Commitment to Child Safety.
3. A Code of Conduct that establishes clear expectations for appropriate behavior with children.
4. Screening, supervision, training and other human resource practices that reduce the risk of child abuse by new and existing personnel.
5. Processes for responding to and reporting suspected child abuse.
6. Strategies to identify and reduce or remove risks of child abuse.
7. Strategies to promote the participation and empowerment of children.¹

In 2017, the *Child, Wellbeing and Safety Act 2005* was amended to give power to the Commission for Children and Young People (CCYP) to oversee the Reportable Conduct Scheme. The Reportable Conduct Scheme began on 1 July 2017, with the City of Casey coming into scope of the scheme on 1 January 2018. The Scheme:

- Requires organisations to respond to allegations of child abuse made against their workers and volunteers, either within work or outside of work, and to notify the CCYP of any allegations.
- Enables the CCYP to independently oversee those responses.
- Facilitates information sharing between organisations, their regulators, Victoria Police, the Department of Justice and Community Safety and regulates the Working with Children Check Unit and the CCYP.¹

2. Scope

Council is committed to creating a culture of child safety, and recognises that protecting children, and preventing and responding to child abuse is an organization-wide responsibility.

This Policy applies to all Councillors, employees, Council's volunteers and work experience/work placement students, irrespective of their involvement in child related work.

Council will require contracted organisations to comply with the child safe legislation as part of their contractual agreements with the City of Casey. Individuals who are employed by Contracted Organisations are not considered employees of the City of Casey under the Reportable Conduct Scheme. This means that Contracted Organisations are not in scope of the City of Casey's Reportable Conduct Scheme.

The Child Safe Policy communicates Council’s commitment to keeping children and young people safe. Council is in the unique position of being able to provide a framework for safety around one of our most vulnerable people groups: “children”. It is often said “it takes a village to raise a child”. Council’s infrastructure in many ways is that Village, from our school crossing supervisors, to our playgrounds within our parks and gardens, to our public spaces and community centres, to our road maintenance teams and kindergartens. We all have a role to play in keeping Casey’s children and young people safe from harm or abuse.

4.1. Statement of Commitment to Child Safety

All children or young people who attend services, programs, and events delivered by, and spaces owned or managed by the City of Casey, have the right to feel and be safe. The wellbeing and safety of children and young people in our care will always be our priority.

Our priority is to involve children and young people in opportunities to influence matters that affect them as active citizens in their community. This will be achieved through the following strategies, endorsed by Council in the strategic plan ‘*Casey’s Future – A Plan for Children, Young People & Families 2017-2021*’:

An inclusive approach recognises that children and young people have different needs, characteristics and life experiences and, although there are similarities within groups, no one child's experience is the same, and therefore stereotypes should be avoided.
