

OVERVIEW

If you are not the owner of the land/property, you must have approval from the landowner to apply for and carry out the requested permit activities in this application.

If applying to discharge fireworks on private land, it is illegal to discharge fireworks unless they are discharged by a licensed pyro-technician who holds the appropriate public liability insurance with a minimum coverage of \$20M.

Sec 31 of the Casey Community Law 2025 states that a person must not, except with a permit, discharge any fireworks on or from any private land. The discharge of fireworks from public land is covered by Section 4(j) of the Summary Offences Act 1966. The Summary Offences Act refers to the requirements of discharging fireworks back to the municipal councils Local Law which therefore requires a permit. Fireworks discharged without a permit in the CFA declared fire danger period are regulated under Section 110 (1)(Z) of the Country Fire Authority Act 1958.
